About 0.31 Acres

Lot 2: 1 Bridgend – A traditional stone and slate property extending to 4920 sq ft, suitable for various uses, with planning permission to be converted into two private dwellings.

About 0.1 Acres

For sale as a whole or in two lots.

Situation:

The properties lie in the pretty conservation village of East Linton, with its newly opened railway station providing a frequent train service to Edinburgh. There are excellent local facilities including facilities including a Co-op, award winning butcher, bakery, post office, newsagent, hairdresser, two pubs/hotels, a library, church, GP practice and primary school. There is a great community spirit within the village with activities including art classes, cinema club, theatre group, bowling club, tennis club and keep fit classes. The Mart, a popular farm shop sells a wide array of locally sourced meat, vegetables, shellfish, and game. There is also a branch of the popular Bostock bakery and coffee house. There are numerous accessible countryside trails and paths, including along the beautiful River Tyne.

More substantial facilities can be found in the market town of Haddington where there are supermarkets, a leisure centre, schools, and High Street shopping. Both North Berwick and Dunbar are nearby and provide alternative shopping facilities including an Asda Store and a large Garden Centre at Dunbar. North Berwick has a lively town centre, an attractive harbour with several excellent hotels and restaurants. The properties are a short walk to the local primary school and are within the catchment area of the academically high achieving Dunbar Grammar School.

A wealth of sporting facilities are all within easy reach including East Lothian's championship links golf courses and wonderful sandy beaches along the coast. Popular coffee shops at Smeaton Nursery and Tynninghame are close by. As well as the newly opened railway station within easy walking distance, the nearby A1 gives ease of access to Edinburgh. A bus service runs direct from East Linton to the centre of Edinburgh, there are two bus services to Edinburgh the X7 and Borders 253, which run to Dunbar and Haddington.

History of 1 Bridgend

The current owners of Bridgend bought the traditional buildings and yard in 2017, before which the property was used as a timber merchant/joiners yard by R McArthur & Son Ltd. Following the acquisition, they obtained planning permission to build a new house on the bank of the River Tyne (above the flood plain), and convert the traditional building into two residential dwellings. The new house and the traditional building are being offered for sale in two lots.

Lot 1: Bridge House About 0.31 Acres

Bridge House is a stunning contemporary architect designed house, by Jefcoate Anderson Architects, sitting above the River Tyne which home to many birds and animals, including otters, herons, cormorants and kingfishers, which can be observed from the house. Bridge House which was completed in 2020 takes full advantage of modern materials and construction techniques resulting in a highly energy efficient, bright airy home perfect for modern day living. The expansive 'privacy' glazing provides magnificent views of the historic Tyne Bridge.

The House is approached by a private gated gravel drive which leads to a bloc paved parking area, from which steps lead up to a shrub lined path and on to the front door. The house has a wealth of architectural detailing including cladding with varying widths of Siberian Larch cladding, a sedum roof, double glazing, floor to ceiling aluminium windows and sliding doors, glass balustrades a cantilevered staircase, underfloor heating, a fresh air heat exchanger system along with quality kitchen and bathroom fittings. There are also inbuilt Bluetooth wall and ceiling speakers in most rooms.

The design and layout of Bridge House allows for flexible use of the rooms depending on what the buyer requires with the option of having a ground floor double bedroom with an ensuite Bathroom.

The front door opens to a hall where a panoramic glazed wall overlooks the River Tyne and provides a clue to the views that are enjoyed as you go deeper into the house. The stunning open plan sitting/dining room/kitchen features sliding glazed corner doors opening out to a terrace which wraps around 3 sides of the house and is perfect for alfresco dining and relaxing in the sun. The room is divided into 3 distinct areas with a cosy sitting area with a Rais wood burning stove, dining area overlooking the river and well-equipped kitchen with a large island unit, below a skylight, extensive wall and floor units incorporating a Bosch dishwasher and fridge freezer and LED lighting.

The adjacent room also benefits from beautiful views of the river and is currently used as a snug/study. It has built in wardrobes and an adjoining bathroom allowing it to be an ensuite bedroom if required. In addition, the ground floor has a spacious utility room with built in floor units plumbed for a washing machine and tumble dryer along with a clothes pulley and a cupboard housing under floor heating manifolds and the heating, and hot water system. The ground floor accommodation is completed by a well-appointed shower room.

The first floor is approached by a superb cantilevered floating staircase with a glass balustrade which rises to a bright landing, flooded by light by a floor to ceiling window. The principal bedroom features expansive floor to ceiling windows, a sliding door with a glass balustrade and twin built in wardrobes either side of the ensuite bathroom. In addition to the bath, WC and washbasin, there is a large shower cabinet. The accommodation is completed by two further double bedrooms and a family bathroom.

Outbuildings:

To the side of the house is a large heavily insulated workshop/store built to complement the house and suitable for a variety of uses as it has an electrical supply.

To the rear of the workshop is one of two log stores.

Garden and Outside Space:

The terrace wraps around 3 sides of the house and on to the lawn which leads to an open fronted covered sitooterie. The terrace has steps which lead down through a terraced garden created by sleeper walls to a gravel path above the riverbank which features a timber seat and willow trees.

In 2023 the property was granted a Certificate of Lawfulness for use as a Short-Term Let, and therefore could be used as such by the new owner without the need for planning permission.

Lot 2: 1 Bridgend About 0.1 Acres

1 Bridgend is a traditional stone and slate building with later additions which was last used as a timber merchant/joiners office and workshop. The building has a gross internal floor area of circa 4920 square feet and is suitable for a wide range of uses. The current owners have obtained planning permission and building warrant to convert the building in to a 6 bedroom house and a 2 bedroom flat.

REF: 23/00366/P and 23/00365/LBC.

The conversion of the building as planned would see the preservation of the historical features such as the stained-glass windows, cast iron fireplaces, cast iron rainwater goods along with the creation of garaging for both properties and a garden for the larger house. 1 Bridgend can have dedicated private parking.
